About Pollent Business Solutions Pvt. Ltd.

Pollent Business Solutions Pvt. Ltd. is established with a vision to offer sophisticated, Innovative cost consciousness and time oriented services in the building construction, urban agriculture and organic farming industry in India. Pollent offers engineering solutions for a wide spectrum of industries in areas such as heating, ventilation and air conditioning, refrigeration, climate control, fire Protection, plumbing, Interiors, Facades by cultivating innovative technologies on a reliable foundation of international best practices and business experience. We bound to deliver what business demands.

We are also in Organic Food trading with our brand "**HYDERABAD NATURALS**", all our products are Genuinely Organic certified by "Telangana State Organic Certification Authority", we are associated with Organic Farmers in Adilabad District of Telangana State.

We are also in the field of Urban Farming with our brand "**GARDEN SMITH**". we offers urban farming Solutions such as Roof top Gardens, Vertical Farming, Hydroponics, Kitchen Gardens, Live walls etc. We are delivering our innovative custom solutions as per customer requirements and spaces available. We are setting up roof top organic vegetable gardens so that our customers can get Natural Organic Fresh vegetable when ever they required.

Pollent Business Solutions Pvt. Ltd. is nurtured and grown by Mr. Shaik Abdul Kaleem-Director, holding Master's Degree in HVAC and attained the designation of LEED Green Associate from United States Green Building Council [USGBC] brings more than a decade's international experience in the industry. We at Pollent have highly qualified technical team who enable us to design and execute the projects irrespective of the project size the one can count on us for delivering quality workmanship, timely service and competitive pricing which is made possible by our professional and organized craftsman.

Pollent is a true sense, proved itself a leader in HVAC&R [Heating, Ventilation and Air Conditioning &Refrigeration], Fire Protection, Plumbing, Interiors, Facades, Urban Farming and Organic Food industry. The company was born with a vision to build a beautiful atmosphere and trust with futuristic technologies and business trends in our services.

Our Mission:

To provide Quality services in a professionally organized manner which last for years and years

Our Vision:

To build a beautiful atmosphere where the building stands on trust

Our Commitment:

Pollent Business Solutions Pvt. Ltd. is committed for uncompromised quality services.

Area of Expertise:

We at Pollent Business Solutions Pvt. Ltd. have the experienced technical expertise to provide value – added contributions offered to our customers; our services can be customized to the specific needs and requirements. Other than the typical contracting activities, we have the skill and capability in the following business activities and we are interested in exploring any potential in these areas, our company deploys experienced professional team of Mechanical engineers/designers, CAD executives, BIM modeler to design and prepare Erection drawings and documents.

Our staff is experienced with: conceptual design, Detail Engineering, Cost Estimation, Execution, Testing and Commissioning of:

- Shopping Malls
- Residential buildings
- Commercial and office buildings
- High Rise buildings
- Hotel and Hospitality developments
- Hospitals
- Mixed use Developments
- Theaters and Auditoriums
- Industrial Sectors and Factories

Our core team consists of Air Conditioning Engineers, Technicians and customer support. We offer a 'tailor made' planned preventive maintenance program to suit customer needs which will ensure that your Air Conditioners are always working at optimum performance levels. We have our exclusive service team for carrying out the regular preventive maintenance services for all our customers and we maintain all critical spares with us to avoid the down time in completing the complaints if any breakdown of Air Conditioning system.
